

Transformation

```
graph BT; RotMat --> Transformation; ScaleMat --> Transformation; TransMat --> Transformation;
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'Transformation'. Below it are three boxes: 'RotMat' on the left, 'ScaleMat' in the center, and 'TransMat' on the right. A horizontal line connects the top of these three boxes, and a vertical arrow points from the center of this line up to the bottom of the 'Transformation' box, indicating that 'Transformation' is the superclass for the other three.
